FOR IMMEDIATE RELEASE

Compunetix Opens New Offices in Japan

*New location will support customers and resellers
though partnership with JTS Corporation*

Monroeville, Pa., May 5, 2006 – Compunetix, Inc., the Monroeville-based manufacturer of electronic platforms for advanced business collaboration is pleased to announce the opening of its newest office, located in Japan. With a strong and prestigious client base built over the last six years, this new location enables Compunetix to better support its existing customers while building new business partnerships.

Mr. Don Kordick, Compunetix Director of Asia Pacific business stated, “Due to the recent sale of an ORCHESTRATOR® bridge to the largest videoconferencing service provider in Japan, Compunetix wanted to have a stronger physical presence to satisfy our clients’ customer service needs.” He also noted, “Japan is the second largest economy in the world, so we see our expansion as an important strategic step for Compunetix.”

Mr. Tom Kojima, President of JTS Corporation, will head Compunetix’s new Japanese offices. Mr. Kojima has over 25 years experience in the electronics and telecommunications industries, and has developed the “Smart Japan Office” concept which allows companies to establish offices in Japan without navigating the rules and regulations of the country or establishing the office infrastructure. Mr. Kojima commented, “We are delighted to spearhead the Compunetix footprint in Japan, and we look forward to continued growth in the Japanese market.”

JTS Corporation is a distributing partner in Japan for networking manufactures, such as Compunetix, Zhone Technologies, and Omnitron Systems Technology, and offers networking solutions using those manufactures’ unique technology. JTS Corporation boasts the innovative “Smart Japan Office” program which helps to eliminate the complexity of opening up offices within the Japanese market for foreign companies with reasonable investment. For more information contact the JTS headquarters via email at info@j-ts.com or visit www.j-ts.com/e.

Compunetix is the leading manufacturer of multipoint collaboration equipment in the world. With nearly 300,000 ports installed in more than 25 countries, the company has the industry’s largest worldwide deployment of digital teleconferencing systems. Dedicated to customer-focused and innovative technology, Compunetix engineers and manufactures all aspects of its conferencing equipment, ensuring its customers that their bridges are the highest quality, most reliable and most flexible solutions available. For more information call Robert Haley at (800) 879-4266 or (412) 373-8110, or visit the Compunetix Web site at www.compunetix.com.
