## **FOR IMMEDIATE RELEASE**

### **Compunetix Video Systems Division to Preview New Turnkey Solutions at Integrated Systems Europe**

Monroeville, Pa., January 23, 2013 – The Compunetix, Inc. Video Systems Division (VSD), a global leader in carrier-grade, VoIP and high definition video collaboration solutions, announced that it will exhibit at the Integrated Systems Europe (ISE) event held at the Amsterdam RAI from January 29 – 31. ISE was launched in 2004 to fulfill the need for a pan-European forum for the emerging markets of professional AV and electronic systems integration. VSD will be on hand at booth 12-B71 to inform about the EVERGREEN™ line of video collaboration platforms and their new approach to total, end-to-end unified communications and collaboration. The VSD team will also be attending the Wainhouse Research Unified Communications & Collaboration Summit at the NH Barbizon Palace in Amsterdam prior to ISE on January 28. For information on ISE, please visit <http://www.iseurope.org>. For info on the Wainhouse event, visit <http://wainhouse.com>.

"The European market is an endless list of opportunities for the adoption and execution of meaningful UC&C solutions," states Mr. Jim Klueber, Division Manager of VSD. "At ISE, we're looking forward to expanding our relationships and demonstrating the value that the EVERGREEN platform can bring to the robust and full-featured collaboration continuum."

The new Compunetix VSD initiative created to bring a total end-to-end solution to the market will be previewed to customers and partners who schedule a meeting with VSD at booth 12-B71. To schedule a meeting please contact Eric Murphy at [emurphy@compunetix.com](mailto:emurphy@compunetix.com) or Jim Klueber at [jklueber@compunetix.com](mailto:jklueber@compunetix.com).

#### **About Compunetix, Inc.**

Compunetix is the global leader in carrier-grade multimodal conferencing and collaboration solutions including VoIP and HD video, all powered by superior hardware design. With over one million ports installed in more than 30 countries, the company has the industry's largest worldwide deployment of digital conferencing systems. Dedicated to customer-focused and innovative technology, Compunetix engineers and manufactures all aspects of its conferencing equipment, ensuring its customers that their media processors are the highest quality, most reliable and most flexible solutions on the market.
