

Restriction of Hazardous Substances (RoHS) Directive 2011/65/EU

Compunetix is committed to environmental responsibility and complying with the European directive on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment, RoHS Directive 2011/65/EU.

From the 30th of August 2016, the Compunetix product, MVP® System Family, is RoHS compliant.

Based on the information provided to Compunetix by its suppliers, the aforementioned product complies with the stipulated amount of the restricted homogenous materials stated below (the only exceptions are when particular components fall within the exemptions provided in the Annex of the 2011/65/EU directive).

Lead (Pb) 0.1%
Mercury (Hg) 0.1%
Hexavalent Chromium (Cr6+) 0.1%
Polybrominated Biphenyls (PBB) 0.1%
Polybrominated Diphenyl Ethers (PBDE) 0.1%
Cadmium (Cd) 0.01%

It is the policy of Compunetix, Inc. to continuously monitor the component supply chain of the MVP® system family to maintain compliance with the ROHS directive. Compunetix also maintains an audit trail for components used within these products.

Documentation supporting compliance with the ROHS directive is kept at the address listed.
