- Geo-Location
- Scheduling

Video Call Center for College Enrollment & Administration

Face-to-Face Video Communications for Enrollment, Academic Advising, Financial Aid, Scheduling, and more.

Advanced Video Workflow Solution:

With the evolution of virtual workflows, colleges and universities are looking for a more streamlined approach to host virtual meetings between staff and students, especially during busy registration periods. Compunetix Video Call Center (VCC) is an advanced solution for student services that include enrollment, registration, academic advising, class scheduling, financial aid, new student orientation, administrative meetings, and much more.

Virtual administrative services and distance learning play a critical role in workforce development across the nation. On-demand staff availability allows for flexibility, affordability, improved skill sets, and improved school-life balance. It allows many college students to maintain their jobs, care for children, or simply prioritize self-care.

From academic advising to financial aid, VCC is an intuitive video call center solution. Overall, virtualizing student services can offer a more convenient, efficient, accurate, secure, and cost-effective way to support and serve students.

Effortlessly integrate VCC into your existing website portal for advanced workflow management.
